P330.023

APP Robot

State of the art, app controlled robot. Including re-chargeable 2200 mAh /7.4V battery. A full charge let's you enjoy your robot up to 50 minutes. Connect easily with the fast 4.0 bluetooth connection. The free APP is updated frequently to add new features to the robot. The robot has 16 movable points that allows it to move like a human. Memory that can be extended to 32 GB.

Size 41,8 x 19,8 x 10,9 cm. > Max. printsize > - Printtechnique On request.

- ✓ State of the art APP controled robot
- ✓ Smooth bluetooth 4.0 connection
- ✓ Patented mechanism; moves like a human
- ✓ Play time on one charge up to 50 minutes
- ✓ Compatible with IOS and Android

New

- ✓ Compatible with Android and iPhone
- ✓ Turn your smart phone into the ultimate 3D machine.
- ✓ Comfortable headband & super face foam protector.
- ✓ Works with over 350+ iOS/Android virtual reality apps on Apple App Store and Google Play Store.

P330.091

Virtual reality glasses

Virtual reality glasses that can hold almost any mobile phone (3.5-6 inch). The device is easy to use: download any free VR movie from Google Play or APP store and enjoy them in virtual reality on your mobile device. Great for a fun evening or sharing with friends! The glasses have a comfortable elastic (non toxic) band and soft foam cushioning for a comfortable experience. High quality optical PMMA lens for clear images.

Size 11,5 x 9,5 x 19,5 cm. > Max. printsize > 60 x 30 mm. Printtechnique Pad printing.

New

- ✓ HD Sport camera
- ✓ 1,5 " LCD screen
- ✓ Including 11 accessories
- ✓ Including waterproof case
- ✓ Record for more than one hour on one charge

● P330.051 ● P330.055
○ P330.053 ● P330.056

Action camera inc 11 accessories

State of the art HD sport camera with 720p resolution. On the back there is a 1,5 inch TFT LCD screen to view your movies instantly. The memory can be expanded up to 32 GB using a micro SD card. Including waterproof casing. Recording time about 70 minutes. 11 accessories included.

Size 4,1 x 5,9 x 3,0 cm. > **Max. printsize** > 40 x 5 mm.
Printtechnique Pad printing. Batteries included.

New

P330.083

Smart Bulb with Bluetooth speaker

LED bulb with 3W Bluetooth speaker that can be placed in any lamp at home. Play music by connecting your phone to the Bluetooth module in the lamp and listen. Download the free APP to change the colour of the lamp to your mood. Compatible with both iOS (iPhone 4S and up) and Android 4.3.

Size 7,0 x 7,0 x 11,8 cm. > Max. printsize > 20 x 8 mm.
Printtechnique Pad printing.

- ✓ Speaker and lamp in 1
- ✓ Life time of 20.000 hours
- ✓ High quality LED beads
- ✓ Fits all E27 fitting lamps
- ✓ Compatible with iOS and Android

- ✓ Ultra-wide angle view
- ✓ Remote viewing, access your camera from anywhere.
- ✓ Easy Setup by mobile app, no computer needed
- ✓ Push alerts on your smart phone when motion detected
- ✓ Night vision

New

MOTION DETECTION

It supports motion detection, and auto-captures video. With real-time video it can send an alarm message to your smart phone or tablet if your properties are being invaded.

FULL-DUPLEX SPEECH

It supports full-duplex speech, you can communicate with your family while watching the video.

INTELLIGENT VIDEOING

It supports auto-recording, and you can quickly locate video by timeline.

MOMENT TO SHARE

You can share moments with your friends and family.

P330.062

Wi-Fi Camera with APP

Easy to install and easy to use Wi-Fi camera that you can check at any given moment on your mobile device with the free APP. The smart camera has a built in microphone and loudspeaker that supports full-duplex speech, real-time video, and automatic infrared night vision. The camera also has a motion sensor to detect movement so it can be used as a home safety device. Memory can be expanded up to 32 GB with a micro SD card to record videos.

Size 7,9 x 4,3 x 11,4 cm. > Max. printsize > 36 x 26 mm.
Printtechnique Pad printing.

P330.071
Waterproof and touch screen activity tracker

State of the art waterproof (IP67) activity tracker with free APP in multiple languages. Tracks your activity, counts calories burned and monitors your sleep pattern. Comes with crystal clear touch screen on which you can easily swipe through your data. The bracelet enables you to receive incoming calls and messages and can be used to control the camera on your mobile phone. Works on Bluetooth 4.0 and the 75mAh battery allows you to use the device for a full week. Works on both IOS (4S or higher) and Android (4.3).

Size 0,8 x 1,9 x 4,6 cm. > **Max. printsize** > 15 x 6 mm.
Printtechnique Laser engraving. Batteries included.

- ✓ Waterproof (IP 67)
- ✓ State of the art touch screen
- ✓ APP in multiple languages
- ✓ Use up to 1 week on one charge
- ✓ Compatible with IOS and Android

- P330.102
- P330.104
- P330.105
- P330.107
- P330.108

Activity tracker Be Fit
Activity tracker that counts your steps, calories and sleep pattern. The tracker will indicate the activity progress by a blue indicator light. The tracker has a long standby time up to 30 days, is IP67 level waterproof and includes incoming call reminder by vibration. The TPU band is lightweight and very comfortable to wear day and night. Your data can be easily uploaded via Bluetooth to the free APP.
Size 0,9 x 1,8 x 4,0 cm. > **Max. printsize** > 7 x 3 mm.
Printtechnique Pad printing. Batteries included.

POWER BANK | SAFETY

Would you take the risk of a recall?

In our 'connected world' the demand for information is increasing day by day. Not just when we are at home or in the office but even more when we are out on the road. There is only one problem, more information, means more power. A power bank is the ultimate gift for people who like to stay connected.

However what makes a power bank a reliable gift? Are you familiar with the consequences of, overcharge protection, over-discharge, short circuit protection, over current protection? In a booming market, price becomes more important than the product itself. Products may look identical, however internally they are completely different.

Even though the appearance might be similar, the real essentials of the item are located on the inside. This is a part you cannot judge for yourself. We take care of this for you to make sure your power bank is as safe as possible. Instead of following the market with risky cheaper power banks we have raised our quality level and made sure all our partners

produce according to our high standard. This standard allows you to select a 100% safe power bank. After all it is the carrier of your message!

WE GUARANTEE:

That all our power banks have the following specifications:

Low quality motherboard

Our high standard

OVERCHARGE PROTECTION

This function ensures that your battery won't charge beyond its capacity when being charged for a longer period of time. Power banks without this function can be dangerous while being charged.

OVER-DISCHARGE PROTECTION

This function ensures your battery is not fully depleted. A completely empty battery can't be re-charged again. Power banks without this function are likely to have a short life span.

SHORT CIRCUIT PROTECTION

This will protect both the motherboard and battery in case of short circuit and shut down the item without any risk of further damage to item or user.

OVER-CURRENT PROTECTION

Ensures that it's not possible to have a high current being transferred from your power bank into your mobile device. This guarantees optimal protection to avoid damage to your mobile device.

1 BATTERY QUALITY

We only use A-Grade batteries and do not accept B-Grade batteries at any stage. Therefore we demand that our suppliers only work with certified battery factories.

3 BATTERY LIFE TIME

All power banks have a life time of at least 300 charging cycles because of the A-grade quality battery.

2 BATTERY CAPACITY

All our power banks come with the original mentioned capacity. This is tested before the battery goes into the actual power bank.

4 REAL OUTPUT AND INPUT

All power banks have the real output and input as mentioned in our product description. This is tested multiple times during the production process.

All our power banks are tested by official institutes for CE and therefore comply with the strict regulations set within the EU.

All our power banks are tested by official institutes to check they are manufactured according to the ROHS regulation and avoid items with high contents of chemicals entering the EU. We perform additional tests on each production for extra security.

Battery Capacity Smartphone / Tablets For Reference

Smartphone	Battery capacity
iPhone 4	1420 mAh

Nino

● P610.191 ● P610.193

Twist stylus pen

One moment you can use it to write and draw on your tablet. The next it is a "normal" pen. And made out of one piece of aluminium for a modern and elegant result. And the button at the top? It's to play with...

Size 13,4 x ø 1,0 cm. > Max. printsize > 80 x 4 mm.
Printtechnique Pad printing.

● P610.601 ● P610.603

Nino stylus pen

You can work faster and easier on your telephone and tablet with the special touch screen pen. But this Nino is in fact chiefly a good-looking pen. With an ultra-thin sunken clip so that you can always carry it with you everywhere.

Size 13,5 x ø 1,1 cm. > Max. printsize > 30 x 5 mm.
Printtechnique Pad printing.

XDDDESIGN®

D-Axis

		P732.011	10L
D-Axis document bag			
D-Axis opens up a completely new concept in the world of bags. As on-the-go tablet use has become a daily activity for many of us, this bag is designed to make that extremely convenient to do. The D-Axis has an integrated universal tablet holder which can be securely closed with the Fidlock® system, both are patented. The inside of the bag is organised very efficiently so that there is plenty of flexible storage space, and there is even room for a 15,6" laptop. This practical bag is made of 100% rPET in combination with high quality EVA to strengthen the bag. Registered design®			
Size 43,4 x 31,0 x 9,0 cm. > Max. printsize > 350 x 140 mm. Printtechnique Transfer. Capacity 10L. Fits up to 15.6" inch laptops.

XD APPAREL >>>

OUR MISSION

DESIGN TODAY FOR TOMORROW

With XD Apparel we intend to lead the sustainable performance outerwear gift industry as the supplier that has the most ambitious social and environmental standards. We believe sustainability is the only way forward. We also believe it is our duty to offer our business partners an opportunity to contribute to lessening society's impact on nature.

XD Apparel is taking the high road to sustainability. We work with fabric and component suppliers that offer the best sustainable materials and choose manufacturers that have unquestionable social track records. Every product we make is certified by bluesign, for materials and processes, and by third party auditors for garment manufacturing.

SUSTAINABLE

Sustainability is a holistic concept that encompasses everything we do at XD Apparel. It's hardwired into our DNA. From start to finish, our focus is on clean design, clean manufacturing, and ultimately, clean end of life.

RECYCLABLE

We work closely with our suppliers to develop fabrics and components that help reduce waste. Our recycled polyester fabrics are made from post-consumer beverage bottles that would otherwise end up in landfills or be burnt.

RESPONSIBLE

We are all responsible for the future of our planet. XD Apparel is well aware that business as usual is no longer possible. This is why we are taking action now: reducing toxic chemistry, encouraging recycling, supporting fair working conditions, and exploring all the ways in which we can play a role in inspiring change.

ENVIRONMENTAL STANDARDS

Bluesign® is widely considered the best-practice approach in performance apparel. The highly specialized audit company ensures that every stage of the manufacturing process complies with its strict environmental and performance standards. 100% of all outer shell fabrics used by XD Apparel is certified bluesign® approved fabrics.

SPORT, CASUAL, REFINED

A timeless design with a sporty edge and unconditional versatility, Hamburg is the go-to jacket for urban and active lifestyles. The straight cut body, made in sustainably-sourced XT Trend light polyester, is trimmed with wide 2x2 ribbing at the hem and cuffs to keep the drafts at bay. The minimalist style includes two hand pockets on the outside, two pockets inside, and a headphone-out passage. The contrasting colored zipper teeth infuse a retro sporty aesthetic to a jacket that will excel in any environment.

TAILORED FOR FUNCTION AND STYLE

An instant classic, Dublin revamps the iconic field jacket with our eco-performance fabrics in a finely tailored design that offers the ideal mix of function and fashion. Made in a lightly textured XT Trend light polyester with a mesh lining, the authentic style will protect from the elements without losing any of its cool. The fitted shape features adjustable tabs at the waist, four standard issue utility pockets and dual position snaps at the cuffs. Engineered down to the last detail, the high-stand collar houses a stow-away hood under a low profile zipper.

STREAMLINED THERMAL COMFORT

Stockholm is the ideal padded jacket for versatile use as a stand-alone piece or for layering. The long sleeve slim padded jacket is made with Aria Thermore® padding which boasts a soft and down-like feel, superior warmth-to-weight and the ease of care and fast drying properties of sustainable recycled polyester. Tight quilting lines keep the jacket close to the body, while shaped seams provide a more fitted look for women.

- ✓ Trendy colours, fashionable fitting

ADVANCED FULL-FEATURED SHELTER

A slim insulated jacket with hood for added protection all year round Warsaw is a fullfeatured lightweight thermal layer that can be worn alone or layered when needed. The minimalist design is engineered for comfort, in regular fit for men and in an anatomical closer fit for women. The shaped hood fits snugly on the head and won't impede vision. Lightweight Aria Thermore® insulation provides downy softness, exceptional heat retention without bulk, superior ease of care and, it dries fast.

SNUG WARMTH WITHOUT WEIGHT

Oslo is XD Apparel's best all-round winter jacket. Its carefully crafted design means it won't look or feel boxy, while shaped seaming for women provide a snug and close fit. Minimal quilting lines create a clean and lean silhouette while allowing room for layering and freedom of movement. For extra protection against the cold, we've added a fitted, detachable hood, and soft and warm wrist cuffs will keep the cold air from coming in.

- ✓ Hood with maximum warmth
- ✓ Extra elastic cord to adjust waistline for perfect fit

HIGH PERFORMANCE AUTHENTICITY

Riga is XD Apparel's authentic multi-pocket, hooded and padded parka made in a rugged and sustainable recycled polyester textured canvas face fabric that wears well and looks even better. Carefully crafted panels in front and back infuse character to the rough and ready design. Additional features include shaped elbows to shave off excess fabric and provide unrestricted movement, a snap flap over the front zipper to keep water out and a wealth of pockets on the outside and inside.

PRINT INFORMATION

Pad printing

This method is the fastest and most accurate because it allows printing of logos with a high number of colours on usually most surfaces. Generally the print is applied on small objects made of plastic or other hard materials, on which the paint is transferred with a silicon pad.

Doming

Doming is a printing technique where several materials, mostly stickers, are being applied with a transparent coating. A resin layer (epoxyresin) gives a 3-D lens effect, and depth and extra brightness to colours.

Hot stamping

This is a dry printing method in which a heated die is used to apply graphics to a surface. The logo will keep the color of the material.

Transfer

This is a silk screen or digital print on a paper label, it is then specially prepared for the transfer to be applied at high temperature on the object using a hot-press.

Silk screen

Silk screen printing is a stencil technique in which ink is forced through a mesh, originally of fine silk but now commercially more likely to be nylon. It's an all embracing process used on general materials, metal, plastic pens and PU (simulated leather).

Laser engraving

This technique uses a laser beam to print text, logos or drawings by engraving the object's surface. Generally it is used on metal but the same technique can also be applied with excellent results on wood or plastic.

Embroidery

This technology highlights the logo with elegance: the logo is embroidered on the object's surface. The embroidery can be made on plain/flat surfaces (clothing) or irregular/uneven surfaces such as hats, backpacks, bags, etc.

CO2 engraving (new)

This technique uses a laser beam to print text, logos or drawings by engraving the object's surface. It can be applied with excellent results on wooden objects.

Silk screen (round)

With Round silk screen printing, it is possible to produce multi-coloured all-round imprints, thereby making optimum use of the promotional surface

Diamond engraving

This technique uses a small diamond to engrave a text or logo on the surface of an object. This technique is used to engrave glass items mainly.

Digital print

This technology prints a digital-based image, like a photo, directly on a product. Perfect for short-runs, personalization and prototypes, the digital printing technology does not have any set-up time, which allows a short turnaround time.

PRINT IDEAS

make it personal

FOR YOUR BRAND!

Adding your company logo to a product improves the perceived value of the gift, contributes to the visibility of your company name and it makes the gift all that more personal. All items in this collection can be decorated in one or more ways. All done in-house, so we know the products inside out. You just have to choose the technique and appearance that best fit the gift and the target group.

ICONS

New - 2016

BPA free

PVC free

Recycled PET

Fit for tablets
